COMMUNICATION | DKRS o.b.o. Membership Selection Committee, dated November 14, 2022

SUBJECT | RFI for MSP Contact Roster

FROM THE DESK OF THE MEMBERSHIP SELECTION COMMITTEE | MSC

THRU: District Keeper of Records & Seal

CC: First Vice District Representative, Second Vice District Representative & Corridor Representatives

TO: Basileis

SUBJ: RFI for Chapter MSP Contacts

Greetings Chapter Basileis!

We are now into the new Omega Year 2023 (OY23) -- i.e., November 1, 2022 through October 31, 2023 -- and are gearing up to prepare for the OY23 Membership Selection Process (MSP) cycle. As we prepare to address OY23 MSP Qualified requirements, the Membership Selection Committee (MSC) offers this requests for information (RFI) with your replies requested by **November 20, 2022**:

- **Chapter** | name spelled out, chapter charter# & 2D corridor#
- **Basileus** | full name, phone# & preferred email
- **VB** | full name, phone# & preferred email
- **KRS** | full name, phone# & preferred email
- **MSP Liaison** | full name, phone# & preferred email

Note that the "MSP Liaison" role is one provided by our 38th DR to identify your chapters' primary contacts for MSP activities and information. The role is appropriate for your VBs as the chapter risk officers, but the role may be assigned to another, such as your Chapters' MSC Chairmen. Still, you as the Basileis remain accountable/responsible for your chapters' MSP compliance.

Your accurate, complete and timely responses to this email are appreciated. Contact the Membership Selection Committee via membershipselection@opp2d.org if there are concerns, issues or questions concerning this communication.

P.S. The registration portal for 2D MSP In-person Training sessions will be available soon. Visit the 2D Membership Selection webpage for the planned training dates and host corridors -- additional details pending.

YIO,

Bro. Troy "Opie" Manigault | 1-94-MN, LM 4100 | Chairman

Membership Selection Committee | "The Gatekeepers" | <https://www.opp2d.org/membership-selection>
