M.S.P.U Classroom Training Announcement

Greetings Brothers,

I hope this message finds you well. The International Headquarters invites you to participate in the upcoming (Membership Selection Process Unit) MSPU Classroom Training, which will be conducted via a Zoom Webinar on **Tuesday, September 3, 2024**, at 8:00pm ET.

This training session holds significant value as it presents an opportunity for knowledge enrichment and is required to participate in MSPU Activities. Attendees who register and remain present throughout the duration of the training will be granted a Classroom Training credit via their **IQUE Profile**. The training session will be led by the International Membership Committee. Please note that your classroom training credit will be recorded in the system by Monday, September 9, 2023.

To ensure your participation is duly registered, we kindly request you to complete your registration for the training through the provided [Zoom Webinar link](#). It is imperative that all relevant details are accurately provided during registration. This will not only facilitate a smooth attendance process but also ensure that you receive your well-deserved Classroom Certification.

Thank you for your attention, and we are eager to connect with you soon.

John Howard
Executive Director
The Omega Psi Phi Fraternity, Inc.
