"THE VOICE OF THE SECOND DISTRICT"

New York - New Jersey - Pennsylvania - Delaware - Maryland

Bro. James E. Hicks, Jr.
33rd Second District Representative

In 1941, the Second District was established and was comprised of the states NY, NJ and PA. It was also in 1941 that the constitution and by-laws of the fraternity were amended to include language on district information, annual meetings, and election of district officers. In 1945 the fraternity was redistricted to provide for 12 districts, and at that time the Second District included NY, NJ, PA, and DE. Later, modification of the 12-district organization resulted in Maryland being moved to the Second District

It is recorded that the first Second District Conference was founded in Brooklyn, NY in 1948. The first officer was Bro. Nathaniel Burrell, who served as District President. After one year the office of District President was abolished. The elected District Representative was Bro. Mifflin T. Gibbs. The first District Keeper of Records and Seal was Brother Marion English. Bro.

District Representatives Message

English was succeeded by Brother Nathaniel Burrell who served for over 10 years. Brother James L. Murray, third elected District Keeper of Records and Seal, also served for over 10 years. Bro. Richard E. Carey, Esquire, was the first District Counselor. He wrote the first District Constitution and By-laws. Brother H. Albion Ferrell was the first District Chaplain.

The District has a recorded list of thirty-three District Representatives who have been dedicated men of vision and action. In succession, each has escalated the programs of the district to higher plateaus. Their visions and leadership have kept the district prominent in the critical decision making and work of this great fraternity. Currently, the Second District operates under the leadership of its 33th District Representative, Bro. James. E. Hicks, Jr. Bro. Hicks' goal is to continue the extensive, long-standing immaculate example set by previous District Representatives.

The Second District has a financial membership of 2700 brothers, is divided into seven corridors, and consists of 85 active chapters, with 25 undergraduate chapters and 60 graduate chapters. Additionally, the Second District has 1057 life members, which is 40% of its total membership. Throughout its 72 years of existence, the Second District has established and supported the International

Mandated Programs of the fraternity. It has established itself as the premier district of the fraternity by leading in its participation in international events and developing a variety of unique programs and events such as the James S. Avery Sr. Shirtsleeve Conference, Second District Fatherhood Initiative, Omegas for Obama Inaugural Ball and Domestic Violence Awareness Initiative. Some of the Second District's program initiatives have become a part of the international programming for all districts. The Second District's contribution to the communities they serve and support of the international agenda for the fraternity have been recognized at the international level in that its members have been recipients of international awards for Superior Service, Colonel Charles Young Military Leadership, Founders' Award, Chapter of the Year, and Undergraduate Chapter of the Year, as well as the recipients of numerous undergraduate scholarships.

Leaders in the Second District do not limit the use of their skills to the district. The Second District is currently the home of our 39th Grand Basileus, Bro. Dr. Andrew A. Ray and several international committee chairpersons and members.

Second District Fatherhood Initiative Program

Second District Representative James Hicks receive a proclamation from Honorable Brother Anthony Ebony Davis, President, City Council, Patterson, NJ., with 1st Vice DR, Milton Harrison, and 2nd Distr. Social Action Chair J. Kendall Smalls

Philadelphia, PA. June 15, 2013. The Mighty Second District of Omega Psi Phi Fraternity Inc., presented its Inaugural Fatherhood Initiative Brunch and Forum on Saturday, June 15, 2013, at Tempations Banquet Hall in Philadelphia, PA., highlighting the countless plights of fatherhood and the importance of mentorship. The mission of the Omega Psi Phi Fraternity's Fatherhood & Mentoring Initiative is three-fold; to support President Obama's White House Fatherhood & Mentoring Initiative, to create fraternity interest, dialogue and activities promoting Fatherhood and Mentoring and to conduct public awareness programs that highlight partnerships with community based organizations and fatherhood & mentoring programs to help build healthier families and communities. Omega Psi Phi is the only Greek-lettered organization to be a strategic partner with the White House. The program was free to the public.

Guests were welcomed by the 33rd Second District Representative, James Hicks. Remarks were given by the Honorable Brother

Anthony Ebony Davis, President, City Council, Patterson, NJ. Mu Omega Chapter Basileus, Anthony Jones, introduced and informed the audience to Mu Omega chapter and its social action initiatives.

The program highlighted speakers of innumerable fields and brothers of Omega on fatherhood and mentorship. The crowning moment of the program was the rite of passage led by Brother Etu Evans of the Purple Boot Initiative mentoring organization. All the young men in attendance had purple ties tied on them by their fathers or mentors with the hopes that next year they will do the same to another young man.

The Fatherhood Brunch and Forum set forth by Second District Representative, James Hicks, is the first of many more such programs to follow. First Vice District Representative, Milton Harrison, led an integral part of the initiative in supporting the creator of the program Brother J. Kendall Smalls and the Second District Fatherhood Initiative Chairman, Brother Dominick Boyce.

The Grand Basileus and 1st Vice Grand Basileus are requesting that the Supreme Council support President Obama by distributing information on the Affordable Care Act.

Patient Protection and Affordable Care Act

The affordable care act, commonly known now as Obamacare was passed by Congress and signed in to law by President Obama on March 23, 2010. On June 28, 2012 the Supreme Court rendered a final decision to uphold the health care law.

The law is written on over 2,000 pages, but the core parts address ten different titles. These primarily demonstrate increase quality and affordability of health insurance, decrease of uninsured rate by expanding private/public insurance coverage, and finally decrease cost of insurance of individuals and government.

Just a reminder that October 1, 2013, despite the shut down of the Government, the Obamacare process starts. It is imperative that you find out where you fit in this complex maze of rules and regulations. If you currently have insurance, there is not much to be done. If you are uninsured, you need to take the necessary steps to become insured. If your State is conducting its own exchanges, you need to contact them. If the Federal Government is doing the exchanges for your State, get started early. This brief article on Obamacare is not intended to give all the details (far too many), it is intended to remind each of you that the President and others worked extremely hard to improve our healthcare, especially to the uninsured and others who so desperately need healthcare. We must do our part to support this monumental accomplishment by encouraging everyone we know to take advantage of the law and do it in a timely manner. This is especially true for young people. You have until December to enroll in a plan, however I suggest you start today, so when January 2014 rolls around all Brothers and their families will be covered. The various pieces of the law all have time frames. The link below will answer just about all of the questions you may have. If you do not find the answers here, please ask your own physician for advice.

N. J. State Assembly Votes in Favor of Omega Psi Phi Specialty License Plate

Brother Greg Ackles and Corridor IV Brothers thank NJ State Assembly for approval of NJ Omega Psi Phi Specialty License Plate

Trenton, NJ, May 20, 2013. Omega Men from across the Garden State converged upon the New Jersey Capital on Monday, May 20, 2013 to support Assemblyman Bro. Benjie E. Wimberly, Bro. Wimberly (D – Bergen and Passaic), along with Assemblymen Charles Mainor (D-Hudson), John F. Amodeo (R-Atlantic), and Gordon M. Johnson (D-Bergen) were the Primary Sponsors of A3804, which authorizes the creation of special Omega Psi Phi license plates. Assemblyman Scott T. Rumana (R) is a Co-Sponsor of the bill.

What is unique in this instance is that the Omega Psi Phi Fraternity, Incorporated is a Christian organization, the third (in order of date Founded) of the National Pan-Hellenic Council. There was bi-partisan support in the creation of this bill, with the Deputy Republican Leader, Republican Whip, and Democrat Majority Conference Leader all having sponsorship of this bill.

While the Brothers were waiting for the bill to be presented on the Assembly floor, they were greeted by Assemblyman Bro. Wimberly, as well as Assemblyman Mainor, Assemblyman Amodeo, and Assemblyman Rumana, who all expressed their appreciation that the Men of Omega came out in force to support this initiative. Senator Ronald L. Rice (D) Newark came over to the Assembly to greet and give an encouraging word to the Brothers.

The Brothers of Corridor IV were then introduced to the Legisla-

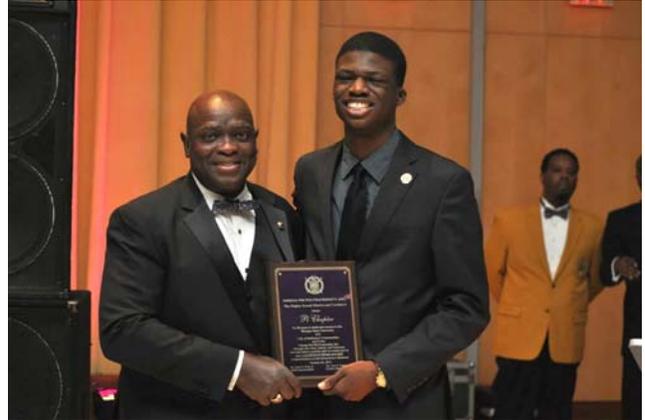

ture. Once on the Assembly floor, 29th Second District Representative Bro. Gregory E. Ackles, Sr. addressed Madame Speaker Sheila Y. Oliver and the members of the Honorable Legislature. After telling the Legislature about the Omega Psi Phi Fraternity, Incorporated and pointing out that in New Jersey alone a total of 1.9 million dollars in scholarships was given out last year to deserving students, Assemblyman Bro. Wimberly addressed the Legislature. Once he completed speaking, the Brothers left the Assembly floor, and the voting began.

Once the final votes were tallied, the count on the third reading and final passage was 78 yes, no nays, with 2 not voting and no abstentions. The New Jersey State Assembly through the Transportation Committee voted in favor of creating a State-issued license plate for the Omega Psi Phi Fraternity, Incorporated. In doing this, Omega Psi Phi has become the first National Pan-Hellenic Council organization to have its own vanity plate in the State of New Jersey.

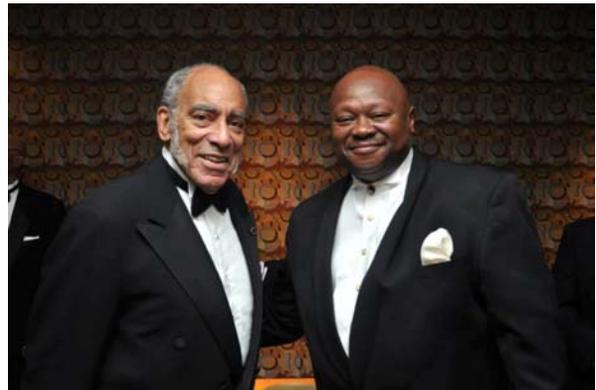

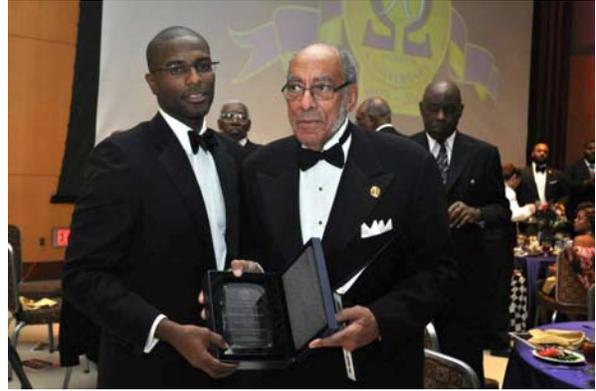

This bill has now been received in the Senate, where it has been referred to the Senate Transportation Committee. It will undergo the same process in that House, where it will require 21 votes to pass to be forwarded to the Governor's desk to be signed into law.

Well done Corridor IV New Jersey Omega Men!

"Liberating Minds one Reader at a Time"

August 30, 2013

Dear Men of Omega,

We are requesting all the Men of Omega to assist us in reaching our goal. We are determined to prove to the literary world that men of African Descent are critical thinkers, avid learners and true scholars. Moreover, that a Black-owned publishing firm that provides books that focus on the black experience can be consistently successful.

Following in the footsteps and standing upon the shoulders of Bro. Carter G. Woodson, Bro. Langston Hughes, Bro. Sterling Brown, Bro. Nathan Hare and Bro. Asa Hilliard...we are asking for your support to help us reach the goal of 100,000 copies sold of *Destroy the Perception* by Baaki Tafiti Bell (Eta Pi chapter 86).

The mission is clear and simple; prove to the world that Black men read. Setting a positive example to our son(s), children and others by continuing to let them see their fathers, brothers and sons read more.

Destroy the Perceptions by this Author, Bro. Baaki Tafiti Bell, has been received extremely well in the literary circles, and reviewed as a powerful, insightful and courageous work on the contemporary Black male experience in particular. It is a must-read for the critical thinker, who is concerned about the Black experience, Black community, Black consciousness, and what is defined as Blackness, as new paradigms emerge and the society shifts continue. The Black agenda is being redefined. While other movements take center stage, in particular, the Latino and LGBT movements, the Black communities remain challenged, regardless of progression in income, politics, education and housing.

Please support our efforts in helping us prove to the publishing world that a Black entity can sell a hundred thousand books and that men of African Descent do read.

You can acquire a copy of *Destroy the Perceptions* by ordering direct at www.criticalthoughtsllc.com, fine book retailers, Amazon.com, or download to your kindle. The book retails only for \$12.99. Your support is needed and truly appreciated.

Fraternally,

Alpha Upsilon "Day at the Races"

Alpha Upsilon Brothers at Aqueduct Racetrack for the 6th Annual Edward H. Taylor Day at the Races Extravaganza

Queens, New York- April 20, 2013- The Men of Alpha Upsilon held their 6th annual Brother Edward H. Taylor Day at the Races extravaganza at the Aqueduct Racetrack in South Ozone Park Queens. Those that attended this modish event were treated to a four course meal, great company, a raffle, best hat contest and thrilling horse racing. From the trumpeter signaling that the first race was moments away; all eyes were fixated on the track below awaiting the opening of the gates.

The excitement and revelry appeared to be unremitting save for the brief breaks in the carousing as the Men of Alpha Upsilon announced the winner of the raffle and yet again when declaring the best hat contest winner and runner up. Shortly thereafter, the aforesaid and a few Men of Alpha Upsilon were ushered to the winner circle at the conclusion of the sixth race, which was designated The Edward H. Taylor race to take pictures with the winning jockey.

The event by all accounts was a success and enjoyed by all. The chairman Brother Glenn Chapman did a masterful job in putting the affair together and promises to continue the tradition next year as the Men of Alpha Upsilon continue to use this superlative event to generate funds to support the Edward H. Taylor Scholarship, which is presented annually to students who attend Public Schools in the Brooklyn community.

Alpha Upsilon Blood Drive

Brooklyn, New York- June 8, 2013- The Men of Alpha Upsilon along with the Brooklyn Alumnae Chapter Delta Sigma Theta hosted the 6th annual Charles R. Drew Blood Drive in Bedford-Stuyvesant, Brooklyn. With the growing need for donors the aforementioned parties accompanied by the Men of the Zeta Psi Chapter took to Putnam Triangle to both donate and solicit pedestrians to give the gift of life to those in need. With the New York Blood Center Bus with its generator reverberating and mingling with music bellowing from the speakers, children talking while anxiously awaiting their turn on the face painting line and the smell of food rising from the grill, the sun filled sky was warm and inviting, thus making the day nothing short of marvelous. The blood drive chaired by Brother Steve Liverpool proved to be successful; for 48 pints of blood was collected in addition to this undertaking there were members of the Brooklyn Downtown Neighborhood Alliance Health Initiative Group planted in the triangle as well. Their task was to take blood pressure read-

ings and educate people on the importance of eating healthy and staying hydrated. This event was well attended and continues to grow each year.

Alpha Upsilon Talent Hunt

Brooklyn, New York-March 30, 2013- the Men of Alpha Upsilon hosted their annual talent hunt at the Dr. Susan McKinney High School located in the Fort Greene section. The talent displayed on this most pleasant day was nothing short of breath taking. As the contestants congregated in a nearby classroom; sharing laughs, drinking tea to stimulate their vocal cords and getting their last minute practice in. The audience sat anxiously awaiting the young and talented participants. For many of them recalled the previous competition and spoke excitedly about what they confidently expected this year. Unbeknownst to them, this year would prove to be even more splendid than last year.

From the first contestant to the last, the audience witnessed the natural maturation of our youth. From behind the lens and in the wooden chairs of the auditorium you could hear the control

gained in their voices and delivery. Moreover, you were able to see the confidence as each singer purposefully walked to the center of the stage and welcomed the attention from the watching eyes and calmly captured the hearts with the beautiful sound emanating from their voices. As the judges sat looking up at the contestants it was clear, their task would not be an easy endeavor. They huddled and spoke in low whispers and marked their respective score sheets as the last contestant exited stage right. When they arrived at the decision, the master of ceremony, Brother Dean Hostler took to the stage. Applause filled the hall as the runner ups were announced and the winner of this year's talent hunt 2013 was proclaimed. The young Ms. Jasmen Reyes will soon take her God given gift to the outskirts of the city to Buffalo NY where she will perform and dazzle those fortunate to hear the gift she has been bestowed.

Alpha Upsilon MS Walk

New York, New York. April 28, 2013- The Men of Alpha Upsilon made their way to the South Street Seaport as the sun was peeking through the clouds seeking to warm the walkers participating in the annual Multiple Sclerosis walk, they among thousands with sneakers laced pounded the Lower Manhattan streets in support and with the goal of raising money for this amazing and worthy event. The money raised for this special event is primarily used for continuous research and to support life changing programs. The Men of Alpha Upsilon have lent their dollars and time to this occasion for eight consecutive years, each year walking to make a difference. Eight years later, it is apparent; the Men of Alpha Upsilon are committed to the cause and the goal of one day seeing their efforts and others pay dividends in the race for the cure of Multiple Sclerosis. Until then, they will continue to migrate to the streets of Lower Manhattan to join forces for this annual and very much deserving event.

Alpha Upsilon Memorial Service

Alpha Upsilon Brothers in attendance at the Memorial Service

Brooklyn NY March 10, 2013 the Men of Alpha Upsilon hosted this year’s Memorial Service at the Mount Lebanon Baptist Church located in the historical section of Bedford Stuyvesant. The service was masterfully presided over by Reverend Brother Shaun Lee Jr. From virtually any pew in this vastly built house of worship, one could see a sea of men from various walks and climes in dark colored suits sitting upright and attentive as Reverend Lee spoke passionately to those in attendance.

The Men of Alpha Upsilon and visiting chapters in and around the second district shared in this momentous day in honoring

those God fearing Men that no longer walk amongst the Men of Omega Psi Phi in this mortal realm, but instead walk amongst the aforementioned in spirit and live forever in thought. Forgetting not thy brother and friend is clearly a rudimentary tenet to this great fraternity. This century old and counting Greek letter organization exemplifies the quintessence of friendship transcending that in which man can see to a place the Men of Omega Psi Phi call the Omega Chapter.

Alpha Upsilon Theater Party-Pre Mother’s Day Celebration

Brooklyn, New York-May 11, 2013- The Men of Alpha Upsilon hosted their sixth annual Theater Party-Pre Mother’s Day celebration at the Restoration Plaza located in Bedford Stuyvesant. The event was well attended as mothers from all age ranges were treated to the melodic music from the live band. As the music filled the room, the guest were served light appetizers' catered by the waiters for the evening. The quaint room was vibrating with the interwoven tapestry of the smooth and sultry rhythms and the conversations being had at each of the round tables. The evening was splendid and was poised to exceed it when the Committee Chairman for the scholarship committee Brother Lamar Combs made his way to the front of the stage to announce the winners of this year’s awards. This year the George K. Lynch Memorial Scholarship award was awarded to Carl Yvan Freycient and the Francis “Lefty” Taylor Mentor Scholarship was awarded to Damani Vericain. This magnificent event chaired by Brothers Kyle Plant and Ferdinand Verley aimed to please and surly hit the mark. As the music faded out, the guest made their way to the Billie Holiday Theater located on the main floor to see the play Obeah Sym-

phony and the Men of Alpha Upsilon joined them as the close of yet another successful event was nearing its conclusion.

Pajama Collection

Brooklyn, New York. December 22, 2012- The end of the year is upon us, this marks a period in time when we sit in the solitude of our thoughts and reflect on the waning year. In this contextual moment we shift our mind travel to what lies ahead. We think of our problems and strife and postulate resolutions that all too often fade away as the New Year gets into full gear. Then there are others that take a different tack. They partake in more selfless thoughts and reflections that involve the greater good of others. On this day the Men of Alpha Upsilon sought the latter as they attempted to make the lives of others a bit brighter and warmer.

These men from varying climes worked in conjunction with the Brooklyn chapter of the NAACP youth council to provide young children with warm and cozy pajamas for the upcoming winter months. The Men of Alpha Upsilon collected twenty-six pairs, which were later delivered by members of the NAACP to The Rose F. Kennedy Family Center located in the historical section of Bedford Stuyvesant. The center founded in 1989 provides transitional housing and daycare services for pregnant women and women with young children that are homeless. As the Men of Alpha Upsilon await the inception of a new year the goal remains unwavering, help others with kind gestures and pious deeds throughout each calendar year. The joy is always in giving and knowing that one soul was touched.

Alpha Upsilon O.A.S.I.S. Mentoring Program

Brooklyn, New York- June 10, 2013- The Men of Alpha Upsilon with their unwavering commitment to building bridges and reaching over the wall to help others have done so in a myriad of ways. On this day they joined to partake in their event dubbed, Omega Assisting Scholars Improve Society (O.A.S.I.S.) this noble and humbling endeavor is a mainstay for this growing chapter. For the Men convene at the Women-In-Need Shelter in Brownsville, Brooklyn on a Bi-weekly basis from September to June. Their goal far more reaching than providing their mere presence, the goal instead is more altruistic in scope as they seek to embolden the fifteen young males ranging in grades from elementary to high school. The conversation

that ensues once everyone is situated and pleasantries are exchanged takes on a different colloquial speech. The Men are not posturing in front of the impressionable minds delivering soliloquies to an uninterested bunch. Instead, there is an exchange. In essence a meaningful dialogue, in which life skills and the sharing of oneself is being witnessed. Often times teaching is confused with talking to versus communicating with. In the end, the Men of Alpha Upsilon are invested for the long haul as they seek to have the young males take what they have learned and goals they have set for themselves with them in the arena of education and the largest arena of them all, life.

Delta Upsilon Blood Drive

Trenton, NJ. September 18, 2013. Thomas Edison State College and the Delta Upsilon Chapter of the Omega Psi Phi Fraternity, Inc., Annual Dr. Charles R. Drew Blood Drive co-sponsored "Give the Gift of Life" Blood Drive and Bone Marrow Match Registry on Sept. 18 in Prudence Hall at Thomas Edison State College. The fraternity – of which our own Dr. Garry Keel is a member – and the College collaborated with the Community Blood Council of New Jersey (CBCNJ) and The Icla Da Silva Foundation's 'Be the Match' personnel on the successful event. Members of the Fraternity and the College's staff came out to either donate blood or register as bone marrow donors. Those who donated blood were entered into a CBCNJ raffle to win Super Bowl XLVIII tickets. "Special thanks goes to Michelle Leonard and the College's Office of Human Resources for orchestrating the drive," said Keel. We had 5 individuals who signed up to be bone marrow donors and we collected over 20 pints of blood. Thanks to all the Brothers who came out to volunteer and donate

Delta Upsilon "Run For Dad" for Prostate Cancer

Delta Upsilon Participants at the Prostate Cancer event

Trenton, NJ. July 22, 2013. Over 75 Brothers, Family, and Friends of the Dynamic Delta Upsilon participated in the American Cancer Society's 11th Annual "Run for Dad" Father's Day event to raise funds and awareness for Prostate Cancer research held at Mer-

cer County Park, West Windsor, NJ. Delta Upsilon was recognized as having the largest team ever to participate in the event.

Prostate Cancer is the leading cause of death in American Men, which disproportionately effects African American men roughly 60% higher than those of White or Asian men. The 5-year survival rate for men whose prostate cancer is detected early is nearly 100% and 93% of men diagnosed with prostate cancer will live 10 years or more. Education, awareness and personal action are saving lives and finding a cure, so Delta Upsilon began participating in the Annual Father's Day event 4 years ago as a particular special outreach through its Health Initiatives committee.

This year, Delta Upsilon set goals to increase its financial contribution and register the most participants, which were achieved, says health committee Chairperson, Brother Dr. Garry M. Keel. "Everyone knows at least one family member, friend, or associate, who has been diagnosed with the disease, which is why we had fraternity, families, and friends participate this year," he added.

Tau Lambda Lambda Blood Drive

Tau Lambda Lambda Brothers and participants at the Blood Drive

Lexington Park, MD. June 15, 2013 Tau Lambda Lambda Chapter (TLL) of the Omega Psi Phi Fraternity, Inc. hosted its Charles R. Drew Blood Drive at the 10th Annual St. Mary's County Juneteenth African American Heritage Celebration on June 15th in Lexington Park, MD.

Continuing with TLL's strategy of connecting local organizations for one purpose, the chapter partnered with the Oasis of Victory Christian Church International and the Tri-County (MD) Alumnae Chapter of Delta Sigma Theta Sorority, Incorporated.

The Charles R. Drew Blood Drive is one of several mandated programs TLL conducts throughout the year. Garrett James, the event chairman, stated "TLL conducts the drives for many reasons." He added, "We started because our fraternity supports it.

We continue with passion because we're serious about saving lives."

This Juneteenth drive was the second of five planned by TLL for the calendar year; the most the chapter has ever scheduled. TLL has increased their number of drives in order to address the continual low blood supply levels in the region. There were 19 units of blood donated by patrons at the June 15th drive.

First time donor June Calhoun said that her life experiences helped to motivate her to donate blood; her family member was in a bad accident in the past and needed blood. "In addition, I too needed a blood transfusion several years back," she added.

"We welcome first time donors, veteran donors, other organizations and the entire community to come out and support this very worthy cause," James said. "Giving blood is giving life!"

Gamma Pi Neophytes Become Life Members

Line Members in photo above: Thomas Boone, Jr.; Ricky Manear, Marlon Godfrey, Vaughn Gourdine, Roderick Lawrence, Reggie Marshall and Don Norwood. Kelvin Medlock also received his Life Membership and has since relocated. Brothers Ben Ivey (relocated) and Don Demarco Myles will follow through later.

Prince Georges County, MD. June 5, 2013. The members of Gamma Pi's Chapter Spring 2011 Line Genesis X made a promise that they would obtain Life Memberships once they became Omega men. Genesis X believed becoming a Life Member is not only an honor but a duty to the Fraternity.

Eight of the 10 men of Genesis X made good on their vow by becoming Life Members with an interesting twist -- arranging for their individual Life Membership numbers to be assigned in the same sequential order as the makeup of the line. The remaining two members are planning to become Life members later.

"We, the members of Genesis X have felt

as though the Fraternity has taught us so much, and for each of us, it has been a long journey but an honor to call ourselves Omega men," said Brother Thomas Boone. "Throughout the process we were led by seasoned Omega men from all over the 12 Fraternity districts. These seasoned Omega men have taught us the importance of leaving a legacy not only to the chapter but to the Fraternity."

Genesis X has been working hard to take a visible and active role in Gamma Pi, and their belief as a line, according to an article Brother Boone prepared for the Gamma Pi LIVE blog, is that being "owt is more than hopping and throwing parties. Instead, it is friendship, service,

commitment and pride in the Fraternity. Genesis X understands that as Centennial Brothers, they have a duty to move the Fraternity to the next 100 years.

"As Omega men, we must continue to value service inside and outside the Fraternity. Following the guidance of Grand Basileus Dr. Andrew Ray as dictated in his address during the Centennial Rededication Ceremony, we must continue to stand on the solid foundation and remain active to ensure like-minded men will represent the Omega Psi Phi Fraternity." Genesis X, in a show of solidarity through obtaining the Life memberships, says it will accept the baton passed to them and keep Omega alive.

Harris, United States Air Force and a member of Delta Sigma Theta. General Harris gave an inspirational speech of her days at Spelman College and her participation in the 1960's sit-ins. She also talked about the many "firsts" of her career as she was the first African American female promoted to the rank of General Officer in the U.S. Air Force.

Also, Ms. J.C. Hayward, noon anchor, for Washington's WUSA-TV 9 News and a member of Delta Sigma Theta, served as the Mistress of Ceremonies. Other senior Deltas honorees include the Rev. Dr. Gwendolyn E. Boyd, Delta Centennial Chair.

Harrisburg, Pa. June 5, 2013. Over the past five (5) seasons, the Men of Kappa Omega Chapter, Omega Psi Phi Fraternity, Inc. have sponsored, and supported, a Harrisburg Little League Team named "Omega Psi Phi". The team, ranging from ages 9-12, is one of 12 Teams that play in the Men Of the South-East League Field organization (M.O.S.E.L.F.). Kappa Omega donations have helped to offset costs for equipment, uniforms and other miscellaneous expenses.

The Chapter is excited to participate in this worthwhile endeavor annually. Basileus Garfield L. Jackson, Jr. stated, "Youth sports is a character building process that helps students develop skills, learn successful life strategies and how to handle adversity". In

addition to the Chapter itself being a proud sponsor, Brother Lonnie DeVan also serves as an Umpire for many of the games. M.O.S.E.L.F. was incorporated in 1993 to manage, maintain and develop Little League Baseball in the City of Harrisburg. It has helped the number of participants grow from 90 to 450 youths that play Little League baseball, Senior Baseball and Girl's Softball. In the past M.O.S.E.L.F. had teams attend and host Regional Baseball tournaments as recently as 2011 and 2012. Over the years, with the help and sponsorships of organizations such as Omega Psi Phi, Kappa Omega Chapter, M.O.S.E.L.F. has established itself as a critical partner in the growth and continuation of youth baseball for the region.

Kappa Omega Supports Logan's Run For Autism

Harrisburg, PA. April 6, 2013. The Brothers of Omega Psi Phi Fraternity Inc. Kappa Omega Chapter participated in the 8th Annual Logan's Run & Walk of the Autism Society of Greater Harrisburg, PA. The walk was conducted on City Island located in Harrisburg, PA. Many hear the word "Autistic" but really do not know what it means. Autism spectrum disorder (ASD) is a range of complex neurodevelopment disorders, characterized by social impairments, communication difficulties, and restricted, repetitive, and stereotyped patterns of behavior. Autistic disorder, sometimes called autism or classical ASD, is the most severe form of ASD, while other conditions along the spectrum include a milder form known as Asperger syndrome, and childhood disintegrative disorder and pervasive developmental disorder not otherwise specified (usually referred to as PDD-NOS). Although ASD varies significantly in character and severity, it occurs in all ethnic and socioeconomic groups and affects every age group. Experts estimate that 1 out of 88 children age 8 will have an ASD

(Centers for Disease Control and Prevention: Morbidity and Mortality Weekly Report, March 30, 2012). Males are four times more likely to have an ASD than females.

The chapter was well represented by the brothers of Kappa Omega to show support in the fight against Autism. Brother Garfield Jackson was interviewed by Channel 21 News on Tuesday April 9th. The interview was conducted by news anchor Sherry Christian. Mrs. Christian was also the past president of the local chapter of the Harrisburg Autism Society. She was very excited to see men and especially men of color participating in this worthy cause since males are 4 times likely to be affected by this condition. With the large presents of Kappa Omega men she hopes that this will be the stepping stone to help bring other men to support the cause. The event drew 107 teams to help exceed the organizations goal of \$50,000. The event generated over \$69,000. The proceeds go to help families with various medical, physical and counseling needs

Kappa Omicron Support Little League Baseball in The Bronx

Bronx, NY. Spring 2013. The Omega Psi Phi Fraternity Inc., Kappa Omicron Chapter sponsored a team this Spring 2013 in the well regarded Castle Hill Little League in the Bronx, NY. Our team's name, 'Kappa Omega', was proudly displayed on the uniforms. Our team participated in the 'Majors' division consisting of 11 – 12 year old boys. The games were played at a baseball field which included in-ground dugouts on Zerega Ave, Bronx, NY, at 4:30 and 7 pm on weekdays and at various times on weekends. The League selects the coaches and manages the operation and umpiring and provides a safe and fun environment for children to build a strong foundation within the community.

This Sponsorship Program is aimed at providing an opportunity for youngsters to play baseball and is a part of K. O. Chapter's social action and mentoring activity.

The month of April was a very busy month for the Little League and K.O. who won their first game on April 3, 2013. Every day the L.L. kids played at least two games for the various divisions and on April 13, 2013, the league's picture day, each team took a group picture with the manager and three coaches.

The Little League Parade on April 27, 2013 was the official start of the season with over 300 people in attendance, includ-

ing players, managers, coaches, officials, parents, sponsors and performers. There were at least five marching bands that helped with the procession which ended at the Castle Hill Little League Field. In addition to this, the 43rd precinct of the NYPD diverted traffic in order to make the parade possible.

The spirit of competitiveness was in the air, as each team marched with a banner and chanted how their team was the best. Our team was energetic and some of the chapter brothers marched along with them, including Bro. L. McKenzie, chairman of this Chapter's program, Bas. R. McCain; Bros. E. Parisien, J. Baker, and R. Mifflin. After the procession ended, the league President greeted everyone and talked briefly about the history of the Castle Hill Little League. The ceremony included singing of the national anthem, a presentation by a Latin Dance Ensemble and performances by the marching bands.

By mid-May, the Kappa Omicron's Team was in third place with a record of 7-7 and in June KO's team advanced to the second round of the playoffs with a final record of 10 – 8. The games are played in 6 innings. The players learned fielding plays, throwing ahead of the runners, hitting techniques and other skills from the Coaches. In the majority of the games the team averaged four hits per game. We are very proud of the team and of our involvement with this Little League sponsorship.

The Men of Iota Nu take part in the annual event, which takes place in various locations in Harford County, Maryland. This year the home was located in the town of Edgewood, MD. The spirit of friendship and uplift propelled the Brothers to assist one of many families looking to fulfill their dream of home ownership.

The Brothers worked vigorously throughout the day under the leadership of the crew chief to construct a drop ceiling in the basement, install shelving and mirrors throughout the bathrooms

of the home, as well as construct and install railing along the stairways. We also mounted storage shelves for the utility room in the basement of the house.

The mission of Habitat for Humanity is that every man, woman and child should have a safe and affordable home to live in. Habitat for Humanity builds and repairs homes all over the world using volunteer labor and donations. These ideals align with the mission of the brothers of Iota Nu chapter of Omega Psi Phi Fraternity, Incorporated and they will continue to participate in this program to aid families in their quest for home-ownership

Iota Nu "A Day with the Veterans" Social Action

Perryville, MD—May 4, 2013, 2nd District, the Iota Nu Chapter of Omega Psi Phi Fraternity, Incorporated conducted its biannual visit to the Perry Point Veterans Affairs (VA) Medical Center. As the largest inpatient facility in the VA Maryland Health Care System, the center provides a broad range of services, including inpatient medical, intermediate and long-term care programs, nursing home care, rehabilitation services, geriatric evaluation and management, respite care, chronic ventilator care, and hospice care. The Perry Point VA Medical Center is a leader in providing comprehensive mental health care to Maryland's Veterans as well. This facility recognizes that ongoing treatment of both physical and mental needs is equally important.

The Brothers of Iota Nu visited the Veterans of Perry Point VA Medical Center to provide an atmosphere of appreciation and goodwill among the Veterans residing in the medical center. We provided food (grilled hamburgers, hotdogs, chicken, etc.) and fun to uplift the Veterans' spirits. Brothers also spent one-on-one time with individual Veterans learning stories of their services and sharing some stories of their own. Because many of the Veterans were not able to join in the outdoor festivities Iota Nu members

Iota Nu Brothers with Disabled Veterans at Perry Point Veterans Administration Medical Center

took the time to visit the Veterans at their bedsides as well. With the assistance of the facility's staff and the Director, it was possible for Iota Nu to further extend a hand of fellowship.

In addition to the abovementioned activities, Iota Nu also provided a chance for the Veterans to get away from the daily routine of the medical center by providing fishing rods and bait to go fishing at the nearby Chesapeake Bay. Though the fish were not biting, the Veterans enjoyed the good weather, time away and the socializing. The Veterans

asked that we come back as soon as possible and we promised that we would. Iota Nu is scheduled to visit the Veterans again in November.

After the event, the Brothers of Iota Nu took the time to reflect on how our efforts contributed to uplifting both the Veterans and chapter members. We also brainstormed various ways to strengthen our relationship with the deserving Veterans at Perry Point VA Medical Center. Our appreciation for their commendable service is immeasurable, so we were glad to have an opportunity to express just a fraction of that gratitude for some of America's finest.

Pi Omega Helps Girl Scouts Bronze Award Service

Baltimore, MD August 8, 2013. On January 29, 2013, The Brothers of Pi Omega Chapter participated in Girl Scouts of Central Maryland Junior Girl Scouts Troop 3802, Bronze Award Service Project. The Bronze Award is the highest award a Junior Girl Scout can achieve. They earn these awards by doing service projects throughout their communities. The journeys give girls a full experience of what they will do as they work to earn the highest awards. The skills girls gain while working on the journeys will help them develop, plan and implement their award Take Action project.

Girl Scouts build girls of courage, confidence and character who make the world a better place. Today, Girl Scouts of Central Maryland continues that legacy by ensuring that all girls regardless of ability, ethnicity, income or circumstance have the oppor-

tunity to develop leadership skills that allow them to make a difference in their schools, communities and the world.

Troop 3802 has selected to do the "Birthday in a Bag" project for special needs and homeless children locally throughout Baltimore City and County. Pi Omega East Baltimore Community Playground Clean Up

Baltimore, MD. August 28, 2013. On August 24, 2013, the Brothers of Pi Omega Chapter and the Men of Ark Baptist Church participated in cleaning of the community's playground in East Baltimore. The playground has been misused and neglected by people in the community which made it an unsafe and an unhealthy environment for our children to play and interact in. We are so fortunate to have such an amazing playground in our com-

munity and it's important that we all do what we can to help keep these wonderful playgrounds clean and safe for the East Baltimore Community.

Some of the neighbors turned out to help start the huge task of cleaning the playground. Lessons were also learned from this... look out for poison ivy, wear insect repellent, come back with a lot more people, and cleaning equipment
